Claims 30-34, 36-43 and 47-49 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The newly added negative limitation to ultrasonic mixing means is seen as new matter. Applicants need point to where in the specification as originally filed this mixing means was specifically excluded.

Claims 53-70 are rejected under 35 U.S.C. 102(b) as being anticipated by Mertz.

This rejection is repeated against newly added claims 53-70 as set forth in the previous office action with the following comment. Applicants' recitation of magnesium oxide is seen as inherently reciting magnesium hydroxide since magnesium oxide in aqueous solution is seen as present as magnesium hydroxide.

Claims 71-73 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 35, 44-46 and 50-52 are allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
